

ALLERGENS INFORMATION

THIS GUIDE

Our dish descriptions don't always list every single ingredient in the cooking process, or that feature in the finished dish. This guide aims to give you the allergenic information for all dishes on the menu

Please advise our team of your specific dietary requirement or allergies when placing your order, even if you have eaten the dish before.

Both Nuts and Peanuts have been removed from our menus, therefore the risk of cross contact with nuts or peanuts is very minimal.

Sesame seeds however form part of almost every dish and as a consequence the potential of cross contact with sesame is extremely high.

The matrix below has taken into account any potential cross contact issues with the fryers, Our fryer designation is:

Fryer 1, Just fries

Fryer 2 vegetarian vegan

Fryer 3 Meat and Fish.

If the supplier identified the potential for cross contact in the production and this product is in one of the fryers this is also included as MAY CONTAIN in the matrix

OUR GUARANTEE

Our food is freshly prepared and cooked to order and is cooked and prepared in a kitchen that is not allergen free.

We have strict controls in place however it is not possible to completely remove the chance of cross contact with the allergens used in our kitchen.

With the above considered we are unable to guarantee that any of our dishes are 100% allergen free
